

## OUR TARGETS

Creating market diversity and growing the existing markets.

Producing high added value products and canalizing them to the right markets.

Being compliant with all international standards in conducting our business and creating an awareness in this sense.

Promoting our success in our country by successes in international level.

Carrying the success lines caught in the fields of food safety, occupational health and safety, environmental management and quality management, to even further.

Creating quality, reliability and privilege for our customers, adding values.

Increasing the satisfaction and efficiency of our employees, which are indeed our internal customers, and giving an opportunity for their development by benefiting from their own knowledge, skills, power and creativity.
